

Why partner with Etched for your custom tags, nameplates, and control panels?

With over 50 years of combined experience with tags, nameplates, and control panels, the Etched team combines great people, cutting-edge technology, and world-class manufacturing to drive innovation. We supply custom tags, nameplates, control panels, safety plates, data plates, sling tags, and cable ties to a wide variety of industries.

Decades of industrial etching, engraving, marking, and printing experience

Can handle any size order, from individual custom pieces to bulk orders

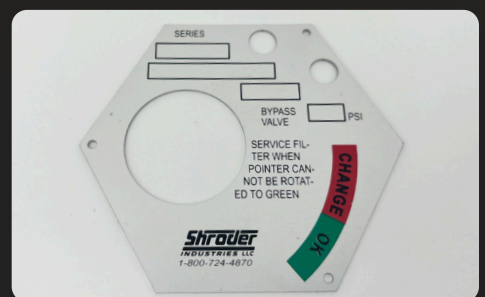

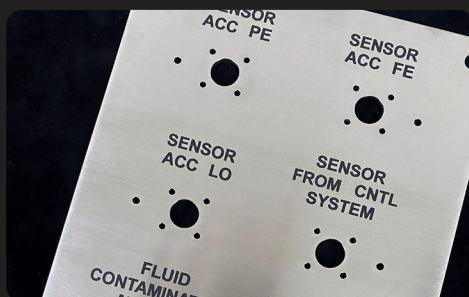

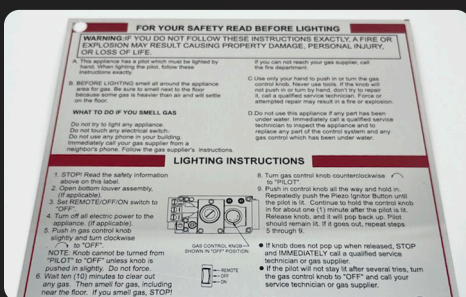

All production in-house

Quick turnaround time

Wide array of etching and printing capabilities

Products

We work with many industries, including manufacturing, aerospace, oil & gas, construction, equipment rental, and more, to create readable and durable plates, nameplates, panels, parts, and tags.

Nameplates

Quickly and clearly communicate critical information about branding, capacity, pressure, contact information, and more.

Tags

Essential for equipment labeling, asset management, facility organization, and more, we'll create custom metal tags tailored to your specific needs.

Sling Tags

Custom sling tags are common in lifting and rigging, transportation, and other industrial applications.

Safety Plates

Durable and readable plates are essential to ensuring workplace safety and regulatory compliance. Our plates are ideally suited for industrial settings.

Control Panels

Stainless steel or aluminum panels offer a durable and sleek solution for clearly labeling gauges and control systems and communicating operating instructions.

Never Run Out of Tags Again

We've developed a variety of innovative warehousing and ordering solutions to make sure you have the inventory you need, when you need it.

Tag Inventory Manager

From our headquarters in Kansas City, we can see how many tags you have at your facility and ship more automatically once you hit a minimum on-hand quantity.

Tag Store

We've simplified the ordering process by putting all your tag proofs in one place, and providing up-to-date pricing information, product images, and streamlined online ordering.

Tag Warehouse

Our innovative stocking program gives you peace of mind and guards against stock-out situations, with simplified ordering, established pricing agreements, and set stock levels.

Bail Me Out Program

When best laid plans go awry and ordering tags slips through the cracks, we're here to help! We do everything we possibly can to help our customers, including expediting orders at no extra cost.
